

## IR illuminator

VOIRL100/45

**optiVa**

IR diode illuminator; Effective range up to 100m; Illumination angle 45

| Technical parameters  |  |
|-----------------------|--|
| Product type          | IR diode illuminator   |
| Detection range       | effective range up to 100m                                   |
| Illumination angle    | horizontal 45  |
| Housing               | Housing (aluminum casting) silver, lifetime LED over 30 000h |
| IP rate               | IP65   |
| Additional functions  | IR wave length 850nm   |
| Voltage               | 230VAC/max 10W   |
| Dimensions            | 180x115x140mm  |
| Weight                | 1,5 g  |
| Operating temperature | -30  |
